

High school student device reimaging will continue from January 5 through January 19, 2021 by appointment only. Every student who has a working BCPS-issued device (not Chromebook) must schedule a reimaging appointment at their home school using the links below.

Please report to your home school following the directions below for your confirmed reimaging appointment. Students are reminded to bring their chargers.

For working devices, students will have the option to:

1. Drop off the device, leave a phone number and receive a text message to come back to pick up a reimaged device.
2. Drop off the device and wait for a reimaged device (approximately 45 minutes – 2 hours)

Students with broken devices should enter a service ticket and should not sign up for a slot. Broken devices will not be replaced onsite.

Students who were not issued a device should enter a service ticket. Devices will not be provided to students without a device.

Please be prepared to stay in your vehicle and wear a face covering as you interact with staff members onsite. If you are not feeling well, please stay home. All health and safety mitigation strategies including social distancing and the wearing of face coverings will be implemented during all appointments.

Thank You!
